

Student Procedures for Testing Accommodations

- Make sure to avoid time conflicts if you receive extended time as an accommodation. SDS is not responsible if you are late or miss a class when accessing testing accommodations.
- It is your responsibility to notify SDS if difficulty arises when scheduling testing.
- At the start of each semester, meet with your instructors to provide the Faculty Notification Letter (FNL) and make arrangements regarding testing accommodations. Students and instructors are encouraged to make testing arrangements within the department. This ensures the student has access to the instructor.
- If testing accommodations cannot be made within the department, it is your responsibility to submit a testing appointment request following SDS test scheduling procedures.
- **eCore tests** will be scheduled and taken through the Academic Testing Center.
<https://testing.kennesaw.edu/index.php>
Students are required to provide a current Faculty Notification Letter (FNL) to access approved accommodations during eCore testing. A FNL is required to be provided to both the assigned eCore instructor and staff at the Academic Testing Center.

Procedures for scheduling Testing appointments with SDS:

1. Testing appointments must be requested on line via **Owl Accommodate** no later than 5 business days before the testing date. Deadlines to schedule Fall/Spring Final Exams will be sent to your KSU student email every semester.
2. Testing appointments can be scheduled up to 30 days in advance. Please be aware there is limited seating. Seating is on a first-come, first-serve basis.
3. SDS proctors tests between the hours of 8:00 am to 4:45 pm Monday-Friday. It is your responsibility to schedule sufficient time and to arrive on time.
4. You must take your testing in SDS at the same time that the class is taking the test unless the instructor specifically approves otherwise.
5. When scheduling your appointment in Owl Accommodate, please indicate whether you will need access to a computer or approved assistive materials/support (i.e., text reading software, scribe).
6. Notify SDS immediately if the circumstances of your scheduled testing appointment change. Changes cannot be made to the approved testing appointment in Owl Accommodate, therefore, send change or cancellation requests to **sdstesting@kennesaw.edu**.
7. If SDS does not receive the testing materials from your instructor, you will receive an email informing you of an appointment cancellation. Follow up with your instructor to make alternate arrangements.

Taking your test at the SDS Office:

1. Arrive at least 5 minutes before appointment for check-in and testing instructions. Failure to arrive within 15 minutes of the scheduled appointment may result in cancellation or rescheduling at the discretion of your instructor.
2. Present valid photo ID at appointment check-in, such as a Driver's License/Permit, State ID, Passport, Military ID or KSU Student ID.
3. Only testing materials approved by the instructor are permitted for use during testing. Light snacks and other items may be allowed in the testing room at the discretion of the test proctor.
4. Advise the testing proctor in advance of any personal or medical needs that may arise during testing. Notify the proctor immediately should you encounter any difficulty during testing.
5. The testing rooms are monitored by cameras to ensure academic integrity. Use of unauthorized materials in the testing area will be reported to the instructor, who determines the appropriate course of action. Repeated infractions of the academic honesty policy may result in exclusion from testing with SDS.
6. In the event of an emergency evacuation, the following procedures will be followed:
 1. Save electronic work on the computer desktop (if time allows).
 2. Exit the testing room and return your test immediately to the nearest SDS staff member.
 3. Safety is our first concern. If time permits, students may reclaim personal belongings.
 4. Stay with SDS staff at all times while away from the testing area. No access to electronic devices, textbooks, notes, or other materials is allowed. Academic integrity rules still apply.
7. The SDS Office is closed when the University is closed. When the university reopens, call or email sdstesting@kennesaw.edu to reschedule your testing appointment.

By my signature, I affirm that I have read these procedures, that I understand them, and that I agree to abide by the above procedures when testing in the Student Disability Services area.
